All the tears that you weep
For the poor tortured souls
Who fall at your feet
With their love breaking bowls

All the clerks and the tailors
The sharks and the sailors
I'd give happy trails but
They'll always be failures

Alms for the poor
For the wretched disciples
And the love that they swore
With their hearts on the bible

Beseeching the honor
To sit at your table
And feast on your holiness
As long as they're able

Love needs its martyrs
Needs its sacrifices
They live for your beauty
And pay for their vices

Love will be the death of
My lonely soul brothers
But their spirit shall live on in
The hearts of all others

Your holding gold
With your lips and your smile
Your body's a halo
Your minds are on trial

Sure as adam was eve
Sure as jonah to whaler
They're crooked love theives
And you are a jailor

Love needs its martyrs
Needs its sacrifices

They live for your beauty
And pay for their vices

Love will be the death of
My lonely soul brothers
But their spirit shall live on in
The hearts of all others

Love will be the death of
My lonely soul brothers
But their spirit shall live on in
The hearts of all others
