Set me free
Set me free

Remotivate me, set me burning
After years in deep freeze, my body is yearning
For a new lease of life and a little spice
Set me free, remotivate me, remotivate me

Give me a reason to scream and shout
Give me something to get excited about
When everything is looking dull
I'm sure it isn't impossible to

Set me free, remotivate me

Remotivate me, set me burning
After years in deep freeze, my body is yearning
For a new lease of life and a little spice
Set me free, remotivate me, remotivate me

Set me free
Set me free
Set me free
Set me free

Don't think I'm impatient because I'm willing to wait
But something must happen before it gets too late
It could be my imagination
But wasn't there more than this dull sensation

Set me free, remotivate me, remotivate me

Set me free
Set me free
Set me free
Set me free

Remotivate me, set me burning
After years in deep freeze, my body is yearning
For a new lease of life and a little spice
Set me free, remotivate me, remotivate me

Set me free
Set me free
Set me free
