I'm not going down on my knees  
Baby you told me  
Can you see it's misery  
And such is for me  
When I'm misunderstood  
Try the hardest you could  
I tried the hardest I could  
To make you see  
How important it is for me  
Here's the bleed  
Miles at you  
Nobody knows me  
As well as you do  
You know how important is for me  
To shake the disease  
That takes over my tiny situations like this  
Understand me

So people have to be  
More lovely together  
Love is devote  
We tell each other forever  
Now I got things to do  
A lots than before  
That I know you have to  
When I'm not there  
In spirit I'll be there  
Here's the bleed  
Miles at you  
Nobody knows me  
As well as you do  
You know how important is for me  
To shake the disease  
That takes over my tiny situations like this  
Understand me

Here's the bleed  
Smiles at you  
Nobody knows me  
As well as you do  
You know how important is for me.

To shake the disease  
That takes over my tiny situations like this...
