I'm not going down on my knees  
Begging you to adore me  
Can't you see it's misery  
And torture for me

When I'm misunderstood  
Try as hard you can  
I've tried as hard as I could  
To make you see  
How important it is for me

Here is the plea from my love to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these

Understand me  
Understand me  
Understand me  
Understand me

So, people have to be  
Permanently together  
Lovers devoted  
To each other forever

And now I got things to do  
And as I've said before  
That I know you have to  
When I'm not there  
In spirit I'll be there

Here is the plea from my love to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these

Understand me  
Understand me  
Understand me  
Understand me

Here is the plea from my love to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these

Here is the plea from my love to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these

Here is the plea from my love to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these
