My little girl  
Won't you come with me  
Come with me  
And tell me  
Is there something to do

I'm going crazy with boredom  
Come with me  
Tell me  
Is there something to do

Grey sky over black town  
I can feel depression  
All around  
You've got your leather boots on  
Is there something to do

I can't stand another drink  
It's surprising this town  
Doesn't sink  
You've got your leather boots on  
Is there something to do

Your pretty dress is oil-stained  
From working too hard  
For too little  
You've got your leather boots on  
Is there something to do

You're feeling the boredom too  
I'd gladly go with you  
I'd put your leather boots on  
Is there something to do

I'd put your pretty dress up Is there something to do
