We're lying by the orange sky  
Two million miles across the land  
And scattered to the highest high  
Expect they'll either laugh or cry

No sex, no consequence, no sympathy  
You're good enough to heat

Two minute warning, two minutes later  
When time has come, my days are numbered  
Two minute warning two minutes later  
When time has come, my days are numbered

The dawning of another year  
Marks time for those who understand  
One in four still here  
While you and I go hand in hand

No radio, no sound, no sin, no sanctuary  
So welcome to your last

Two minute warning, two minutes later  
When time has come, my days are numbered  
Two minute warning

The sun, the solitude, the cemetery  
So, welcome to your last

Two minute warning, two minutes later  
When time has come, my days are numbered  
Two minute warning, two minutes later  
When time has come, my days are numbered  
Two minute warning, two minutes later  
When time has come, my days are numbered
