You know the thing about people like us
We don't how to pretend
But sometimes I just wanna belong
No more and no less
You know the thing about people like us
We don't know when to quit
But sometimes I just wanna belong
No more and no less

You know the thing about people like us
We don't how to pretend
But sometimes I just wanna belong
No more and no less
You know the thing about people like us
We don't know when to quit
But sometimes I just wanna belong
No more and no less
