World war archives fill the offices  
of the cold war parties to research  
the psycho base  
in the influence and cause they  
need free young slaves

Teenage temples spread  
their wings  
fly to young men's shore  
to send information vibes  
to let us know much more.

This is the film where the children shoes burn  
where the windy hills of clothes smoke  
in the autumn rain  
Once upon a time? No it's yet today.

High tech preachers shake their legs  
in an ethic scene  
New religions leave this ball  
with pillar feet on screens

Ride your way my love machine  
Conscience, break my stones

Give me the sixth sense for words  
and the wide wave phones

Ride your way my love machine  
Conscience, break my stones  
Give me the sixth sense for words  
and the wide wave phones

Teenage temples spread  
their wings  
fly to young men's shore  
to send information vibes  
to let us know much more.

Ride your way my love machine  
Conscience, break my stones  
Give me the sixth sense for words

and the wide wave phones

Ride your way my love machine  
Conscience, break my stones  
Give me the mechanic sting  
and the wide wave phones
