It falls out like a thousand ways
Of my mouth and how I behave
You never see the both of us
In the same locations
A stone's throw from a basket case

So how'd you navigate this run around
I'll keep anything from getting out

Yeah just one more wake up call
And my fist goes through the wall

Stay with me for a million days
Stay with me for a million days
Stay
Stay
Stay

Black wine and the faults you gave
Running down another line
As I misbehave
All of these very things are not enough
I'll keep drowning in these handouts

A real man never acts so brave
And I've got a recipe for rage

Stay with me for a million days
Stay with me for a million days
Stay
Stay
Stay

Stay with me for a million days
Stay with me for a million days

Oh I know it ain't perfect
It's all we got
Does it really make a difference
If you're with us or not?
I know it ain't perfect

It's all our own
And every little bit of it is home grown

Stay with me for a million days
Stay with me
Stay
Stay with me for a million days
