I guess it's out of respect for you  
That I let my words always get the best of me

And it's out of respect for you  
I'm going to let you go  
I'm going to watch you be a star from the back of my  
mind

So I'm going roll and I'm going fill up my time

'Cause it so much harder to float around  
Than it is to hit the ground  
I've got to breakthrough  
Just let me breakthrough

Please  
Please

I'm kind of surprised I don't feel so bad  
When I think about the kind of week I've had  
I look at things in a positive way  
It's the brand new me as of the other day  
And I walk, with the air beneath my feet

It is so much harder to float around  
Than it is to hit the ground  
I've got to breakthrough  
Just let me breakthrough  
Please

Why can't I see  
You don't want to see this side of me  
Why can't I know  
You don't want to know how far I'll go

Please

You know it's so much harder to float around  
Than it is to hit the ground  
You've got to breakthrough

Please

Please  
Please  
Please  
Please  
Please
