Let 'em out
Let 'em out of the cage
And ease the pain
So you do what you will
Do what you will with the pain
Tomorrow brings, oh yeah

This world becomes alive
When all else fails, I won't
Even though it isn't right
Have you ever been surprised?
Hit the brakes at the speed of light
Now we know just what's unwise

Let 'em out
Let 'em out of the cage
And ease the pain, oh yeah
Mama you do what you will
Do what you will with the pain
Tomorrow brings, oh yeah

Oh, I found this mess again
Immediately on my own
Gonna give you one more try
How you ever wondered why
You never speed alone?
Cause I'll only make you cry

Let 'em out
Let 'em out of the cage
And ease the pain, yeah
So you do what you will
Do what you will with the pain
Tomorrow brings, oh yeah

Do whatever you think's right
Out of sight and outta my mind
Open up the front gates wide
Think it's time we left tonight

That was right before I found light

God I gave them quite a sight
I'll sing another chorus and cry
(?)

Let 'em out
Let 'em out of the cage
And ease the pain, oh yeah
So you do what you will
Do what you will with the pain
Tomorrow brings

Do what you will
Do what you will
Do what you will
Do what you will
Do what you will
You will
