So I won't hear  
Unless you tell me to  
And I won't see  
Unless I look for you  
'Cause my opinions,  
They don't mean that much to me  
So if they're clashing  
I'll trash 'em happily

Let me fall through your cracks again  
You only notice now and then  
'Cause I've made this mistake before  
I was only coming back for more  
So close your door  
I'm back for more

So don't be fooled  
(mmm) by what you see  
'Cause I fully realize  
What was happening to me  
Apologies  
Well, I don't know what else to say  
It was never meant to be  
But I had fun anyway

Let me fall through your cracks again  
You only notice now and then  
(Well) I've made this mistake before  
I was only coming back for more  
So close your door  
I'm back for more

Let me fall through your cracks again  
You only notice now and then  
(So) I've made this mistake before  
I was only coming back for more  
So close your door  
I'm back for more  
Close your door  
I'm back for more  
Close your door  
I'm back for more
