Oh (Big Bang)

Let's go, let's go, let's go, let's go, go, baby
Baby, Baby (YB: baby, baby, baby, yea, yo)

TOP:

(Yo) Shortie got it goin' on
Love to take her to my home
Get her in the mood, in the zone
Love her ever more, baby yo
I like the way you do that there
I like the way you swing your hair
Silky smooth
And you're working that sexy groove
All the way through

GD:

(Yea) And you can ask every one of my crew
My baby got me glued
That's why I stay true
Never gonna want another, just stay tuned
Focused, baby blows kisses at me
So we do a toast to eternity
As sure as my name is the G to the D
Straight rep BB
It's the 2008, come following, it's with u

YB:

With U, with u, with u, yea
You know I'm gonna be with u
Ayyy, oh no
With u
