Knee Deep

Make love by the window  
With the toffs  
Before you can jump  
I'll push you off  
And I'm knee deep with no sleep at all  
When you're on my shoulder  
I'm knee deep and I can't sleep it off

Clench my fists  
Bite my lip  
'Til it goes away  
And all this blood  
And all these days  
Dry up and blow away

Look over yonder in my past  
Everything good will always pass  
And I'm knee deep with no sense at all  
When you're on my shoulder  
I'm knee deep and I can't kiss it off

Clench my fists  
Bite my lip  
'Til it goes away  
Madness comes  
It always does  
And always finds a way  
Sadness comes  
And always finds a way

Understand  
And reprimand  
When you're on my shoulder  
But you'll always fly  
Always fly away  
Ya away

Clench my fists  
Bite my lip  
'Til it kills the pain

And all this blood  
All these days  
Dry up and blow away

All my past  
All my hate  
Always finds a way

Always finds  
Always finds a way
