Did you ever write my name with a fountain pen  
In your books or on your desk  
Or did you tell your friends  
That I was someone special  
Did you ever lie awake the entire night  
Glowing in the dark with no sheets or light  
Thinking that I was someone special  
You got me running  
Running late at night  
Trying to find you  
And I started thinking  
Thinking all the time  
But what could I do  
I had something for you  
Was there something for me  
I had something to give you  
But it's a mystery  
Did you change your clothes did you hesitate  
Walking back and forth, always being late  
Cause I was someone special  
Did you ever take a shower did you wash your face  
Making up the bed thinking just incase  
That I was someone special  
You got me running  
Running late at night  
Trying to find you  
And I started thinking  
Thinking all the time  
But what could I do  
I had something for you  
Was there something for me  
I had something to give you  
But it's a mystery  
You got me running  
Running late at night  
Trying to find you  
And I started thinking  
Thinking all the time  
But what could I do  
I had something for you  
Was there something for me

I had something to give you  
But it's a mystery  
I had something for you  
Was there something for me  
I had something to give you  
But it's a mystery  
Something special
