Whoa, oh, I hit the jackpot, you better bet while I can
Right now my hand is red hot, hotter than a fryin' pan
Gonna throw all my chips in the pot 'cause I've got a
winning hand
Whoa, oh, I hit the jackpot 'cause I'm your loving man

At the rainbow's end, there's a pot of gold
Overflowing with riches untold
The clouds have been forming dollar signs
Ever since you've been mine

Oh, oh, I hit the jackpot 'cause I'm your lovin' man
Oh, oh, I hit the jackpot, honey you're my lucky charm
I spin the wheel, baby roll the dice and tug on that old
bandit's arm

Gonna take all my winnings downtown, an' buy you a
wedding band
Oh, oh, I hit the jackpot 'cause I'm your lovin' man

At the rainbow's end, there's a pot of gold
Overflowing with riches untold
The clouds have been forming dollar signs
Ever since you've been mine
Oh, oh, I hit the jackpot 'cause I'm your lovin' man

Yes sir at the rainbow's end, there's a pot of gold
Overflowing with riches untold
The clouds have been forming dollar signs
Ever since you've been mine

Oh, oh, I hit the jackpot, 'cause I'm your lovin' man
'Cause I'm your lovin' man, 'cause I'm your lovin' man
