I've been spending time alone
While I should have been with you
Why am I here on my own
When I have a love that's true?

Even though we're far apart
I know that you love me too
But don't you know I haven't smiled
Since the last time I saw you

Well, I'd walk a thousand miles
Just to see you again
I'd give everything that I have
Plus the stars and the moon
Just to spend the night with you

I can hear the people say
"He's not happy anymore"
I've been tryin' to get to you
But I can't get out the door

If I can't hold you in my arms
Oh, then what am I living for?
I can't even smell your sweet perfume

On my pillow anymore

Well, I'd walk a thousand miles
Just to see you again
I'd give everything that I have
Plus the stars and the moon
Just to spend the night with you

Do, do, do, do, do, do, do, do do
Do, do, do, do, do, do, do, do do

Well, I'd walk a thousand miles
Just to see you again
I'd give everything that I have
Plus the stars and the moon
Just to spend the night with you

Well, I'd walk a thousand miles
Just to see you again
I'd give everything that I have
Plus the stars and the moon
Just to spend the night with you

Just to spend the night with you
Just to spend the night with you
Just to spend the night with you
