"Love, Love, Love You"

I'm gonna love, love, love you, like no other
Like nobody else can love you
I'm gonna dot every "I" and cross every "t"
Make sure nobody loves you even half as much as me

In school they always taught us to be complete
"Make sure you finish everything - nice and neat"
I listened well and learned about the birds and the
bees
And now I'm sure I know just how, so let me please

Girl, when I'm alone with you, I know you understand -
The in's and out's of love, so let me be your man

Repeat Chorus

My Daddy told me, "Never leave a job half done."
And I intend to finish up what I've begun
I'll seek high and low, I'll leave no stone unturned
And I hope you do the same for me in return

Girl, when I'm alone with you,
I know you understand -
the in's and out's of love, so let me be your man

Repeat Chorus

I'm going to dot every "I" and cross every "t"
Make sure nobody loves you -
near the way I love you
Make sure nobody loves you even half as much as me
