I was working part-time at a five and dime my boss was  
Mr McGee

He told me many times he didn't like my style said I  
was too leisurely

Well I was busy doing something close to nothing but  
different than the day before

That's when I saw her ooh Lord I saw her she came in  
through the outdoor

Wearing that raspberry beret the kind you buy at a  
second-hand store

Raspberry beret and when the weather was warm she  
wouldn't wear much more

Raspberry beret I think I love her

[ guitar ]

Built like she was she had the nerve to ask me if I  
planned to do her any harm

So I put her on the back of my motorcycle and took her  
down to the farm

Now overcast days never turned me on but something  
bout the clouds and her mixed

You know that little girl she wasn't very bright but she  
knew how to get a kiss

Wearing that raspberry beret...

[ guitar - bass ]

The horses wonder who you are

Something about thunder and lightning you feel like a  
movie star

Now I heard it said the first time ain't the greatest

Ah but I'm here to tell ya I would not change a stroke

Cause you know I'm the most

Especially with the honey that come in the door

Wearing that raspberry beret...

I think I love her
