Most of the time she's happy and everything is fine
And I feel so lucky knowing she's mine
But there's a lonely wind that blows and a place she
sometimes goes
And I have to tell myself just give her time

You know what she's like when she gets the blues
Nothing I can say, nothing I can do
I couldn't love her more, I hate to see her cry
We've been here before, you know what she's like

When a man loves a woman, he'll always try
To be understanding when there's tears in her eyes
But neither wine nor roses can unlock the door that
closes
And that's when my heart is there to tell my mind

You know what she's like when she gets the blues
Nothing I can say, nothing I can do
I couldn't love her more, I hate to see her cry
We've been here before, you know what she's like
