I will dominate
Victim deceased
Human penetrate
War against humanity
Battle for depravity
I assassinate

Decomposition now
Flyblown rotting human flesh
Punctured flesh they swarm
Natural beauty to decay

Decomposition now
Flyblown rotting human flesh
Punctured flesh they swarm
Natural beauty to decay

Decomposure

I assassinate
I will dominate
Victim deceased
Human penetrate
War against humanity
Battle for depravity

I assassinate
Horror face, strangulate
Flowing blood, obliterate
Dominate, assassinate

You will fucking die

Break your bones, smash your head,
leave you dead, stand up straight

Horror face, strangulate
Flowing blood, obliterate
Dominate, assassinate

You will fucking die

Break your bones, smash your head
Leave you dead, stand up straight

Dominate, assassinate

You will fucking die

Break your bones, smash your head,
leave you dead, stand up straight
Break your bones, smash your head

Cut, carve, rip, serve
