To hunt and lurk in the dark  
is to kill the light, to fear the day  
and penetrate the night  
Decay, left the corpse in ruins  
Randomize killing  
Another revival of that mortal flesh  
Facing the mirror, staring death in its eyes  
Facing the mirror, see nothing but disgust  
Human beings exist just to humiliate  
and kill their own kind  
To feast of the suffering of others  
and respawn the killing mind  
Like slime they was meant to suffer  
Carve another piece from the newborn child  
Facing the mirror, staring death in its eyes  
Semen explodes, she cuts her up  
Facing the mirror, see nothing but disgust  
The queen of all anals rapes the tied up fuck all over  
again  
Facing the mirror, staring death in its eyes  
Semen explodes, she cuts her up  
Facing the mirror, see nothing but disgust

The queen of all anals rapes the tied up fuck all over  
againÂ...now  
Flesh filled sins strengthen me  
Flesh filled sins strengthen me  
Revealed my pain, purest death  
Death tripping, blood soaked limbs  
Death tripping, razor filled cunt  
So beautiful as she took that virgins life  
Limb from bloody limb  
Decay, left the corpse in ruins  
Randomize killing  
Another revival of that mortal flesh  
Death tripping, blood soaked limbs  
Death tripping, razor filled cunt  
To hunt and lurk in the dark  
is to kill the light, to fear the day  
and penetrate the night  
Decay, left the corpse in ruins  
Randomize killing

Another revival of that mortal flesh  
Death tripping, blood soaked limbs  
Death tripping, razor filled cunt
