cut your weak flesh, smash you til pulp
terminate your life, cut carve rip serve
cut your weak flesh, smash you til pulp
rip your heart out, suffocate you

pain

insane/you die

pull your hair, knee your face, ia a murder haze
choke and strangle, cheekbone shatter, blood and
splatter

sniper eyes, homicide mind, one last smile, fucking
time to die
orgy of insanity, die for me
lustfull death, depravity, fucking slut, just one more
orgy of insanity, die for me

pull your hair, knee your face, ia a murder haze
choke and strangle, cheekbone shatter, blood and
splatter

innoncents among the crowd, pitch black, freeze your
blood
rage against humanity, killing spree
cloak and dagger, gloves are on, terminate, despise
you
all
rage against humanity, killing spree

pull your hair, knee your face, ia a murder haze
choke and strangle, cheekbone shatter, blood and
splatter

cut your weak flesh, smash you til pulp
terminate your life, cut carve rip serve
cut your weak flesh, smash you til pulp
rip your heart out, suffocate you

pain

insane/you die

cut carve rip serve

I find you and I stalk you, attack your face and beat
you
I strangulate and I cut you, blood will flow, this pain
I do

death walks on high heels
closed fist, assault you
death walks on high heels

insane/you die

pull your hair, knee your face, ia a murder haze
choke and strangle, cheekbone shatter, blood and
splatter
pull your hair, knee your face, ia a murder haze
