Barrel penetrate, load dead fornicate, gun ejaculate.
Anus full of steel, born to fucking kneel, scars will
never heal.
Trigger goes and shell explode.
Cock re-load.

On the fucking floor, barrels I adore, crying for some
more.
Empty chambers cry, penetrate die time to face my lie.

Blood red mouth chewing cunt organ tissue.
Sexual organs severed from bites.
Between your legs, a tattered mass.

Barrel penetrate, load dead fornicate, gun ejaculate.
Anus full of steel, born to fucking kneel,
scars will never heal
On the fucking floor, barrels I adore,
crying for some more.
Empty chambers cry, penetrate an die,
time to face my lie.

Trigger goes and shell explode.
Cock re-load.

Down your inner thighs, legs reveal the price.
bullets cols as ice.
You scream for more, fucking dirty whore,
here's a hard-on core.
Needles and pins, force my cook in reborn with sin.
Swollen fucking breath.

here's your fucking death, no sin fucking left.

Labia chewed and eaten through.
With the torn meat between my teeth.
With the torn meat between my teeth.

Splattered blood down your inner things.
Pubic-layered vagina divine.

Barrel penetrate, load dead fornicate, gun ejaculate.

Anus full of steel, born to fucking kneel scars will never
heal.
On the fucking floor, barrels I adore, crying for some
more.
Empty chambers cry, penetrate a die time to face my
lie.

Down your inner things, legs reveal the price, bullets
cold ice.
You scream for more, fucking breath, here's a hard-
on core.
Trigger goes and shells explode.

Needles and pins, force my cock in reborn with sin.
Swollen fucking breath, here's your fucking death, no
sin fucking left.

Labia chewed and eaten through.
With the torn meat between my teeth.
With the torn meat between my teeth.
