dead

dead

cut your face, you fucking cunt  
no remorse, I'll fuck you up  
I believe in sacrifice  
slice you open with my knife  
worthless whore, smell the fear  
rip your face from ear to ear  
gouge your fucking eyeballs out  
my cock fills every fucking hore

legs spread open  
feel the blade  
deep inside you  
devirginized  
limbs teared apart  
torn out heart  
torso devoured  
disemboweled

tearing, raping, feasting, killing, rotting, eating,  
you will die!

legs spread open

cut your face, you fucking cunt  
no remorse, I'll fuck you up  
I believe in sacrifice  
slice you open with my knife  
smash your head with my axe  
pound attack, the cranial cracks  
blood cums from your fucking head  
time to die, you're rucking dead

cut your face, you fucking cunt  
no remorse, I'll fuck you up  
I believe in sacrifice  
slice you open with my knife

cut carve rip serve X4

cut your face, you fucking cunt  
no remorse, I'll fuck you up  
I believe in sacrifice  
slice you open with my knife  
smash your head with my axe  
pound attack, the cranial cracks  
blood cums from your fucking head  
time to die, you're rucking dead

legs spread open

tearing, raping, feasting, killing, rotting, eating,  
you will die!

legs spread open

cut your face, you fucking cunt  
no remorse, I'll fuck you up  
I believe in sacrifice  
slice you open with my knife  
worthless whore, smell the fear  
rip your face from ear to ear  
gouge your fucking eyeballs out  
my cock fills every fucking hore
