you die...

drag your body through the mud
relentless, filth rules supreme
it doesn't fucking matter if I bury you alive
relentless, filth rules supreme

watch me when I fucking kill, no apparent motive,
going
for the thrill
ripped, raped, randomized, watch them take their final
breath

open jugular vein, see how the blood gush
watch me when I fucking kill, I take your fucking life
extremity obtained, it's a matter of life and death
I rip your fucking throat, I end your fucking life

watch me when I fucking kill, no apparent motive,
going
for the thrill
ripped, raped, randomized, watch them take their final
breath

mutilate, it could have been anyone / full of hate
suffocate, random never chosen one / strangulate
terminate, frenzy and lust as one / assassinate
incinerate, snuffed out for revenge / strangulate

mutilate mutilate, it could have been anyone / full of
hate, full of hate
suffocate suffocate, random never chosen one /
strangulate

watch me when I fucking kill, wrapped in sacks, stuffed
in the back
cut carve rip and serve, watch them take their final
breath
watch me when I fucking kill, wrapped in sacks, stuffed
in the back
cut carve rip and serve, watch them take their final
breath

open jugular vein, see how the blood gush
watch me when I fucking kill, I take your fucking life
extremity obtained, it's a matter of life and death
I rip your fucking throat, I end your fucking life

watch me when I fucking kill, no apparent motive,
going
for the thrill
ripped, raped, randomized, watch them take their final
breath
watch me when I fucking kill, wrapped in sacks, stuffed
in the back
cut carve rip and serve, watch them take their final
breath
