I don't know who I am  
I'm trying to understand  
But ain't no answer to my wondering

I'm living, believeing  
In something, but I need  
To know the reason of my life

And what I'm searching for  
Lays hidden behind the door  
Where dreams and reality are fighting day by day  
It's something I can't explain  
Like I didn't have a name  
I'm trying to find what's left behind in my own way

[Chorus:]  
I can see by the light of day and night  
All I could ever need in my life  
I will follow the path  
Of my heart  
I will be in a world apart.  
Forever in the dark!

And I'll never walk alone  
I'll know what is right or wrong  
And time after time I'll change my way to see the world  
I know that behind the clouds  
The sun keep on burning bright  
And no one of us could ever stop to feel inside

[Chorus]

I see the shadows everywhere  
It doesn't mean that I've failed  
I will leave all sorrows  
Waiting for tomorrow  
This is the product of my life  
And I am here to pay the price  
Cause I'm forever bound into the dark

And what I'm looking for

Lays hidden behind the door  
Where dreams and reality are fighting day by day  
It's something I can't explain  
Like I didn't have a name  
I'm trying to find what's left behind in my own way

[Chorus]
