We are ready for the journey - we are ready for the  
long way - we are ready for the journey  
We are ready to destroy your god!

Riding in the name of god  
Through the forest of the trolls  
I will find the way to close your eyes  
I will sign your destiny forever  
And my name will shine into the sky

Run my horses, run my guys  
We will take him by surprise  
Oh, a giant castle from my sight  
We are arrived before the mighty towers  
In the land of the holy life

Stop your army now! - let me see your fortress  
You will bite the ground! - let me taste your pain!

[Chorus:]  
Riding for the immortal's lair  
I follow the shadow of your eyes  
Pray for your life!  
Destiny is looking for my pride  
Lost inside this cruel world  
I will stay forever with my sword  
Deep in my soul  
I'm ready for the anubi's fall

Only fire in the sky  
My desire is to fight  
Go to close the holy gates of time  
Oh I will become your worse obsession  
And your way will meet it's end tonight

It's my army what you see  
Leave the crown and come with me  
Only for the destiny of your life  
In your eyes there are some tears of sorrow  
And your god will die tonight!

Stop your army now! - I'll destroy your fortress

I will stop your crowd! - time to kill your god

[Chorus]

For the time we can wait 'till tomorrow  
We've signed the end of this pain  
We've signed the end of the sorrow  
And will come back along the way

[Chorus]
