If you like it  
I might drop by  
All the flowers you gave me  
Were stored away with your memory

You stand so well  
All by yourself  
I'm beaten and fancy  
I've become  
If you knew me well  
You could tell  
I could care  
I could walk through here  
With a fear  
Of the extreme

All love songs are sad  
We all relate  
So I think I'll fool myself  
Again  
He's got history and a nice face  
He knows how to love me  
And he could take his place  
The more I come around here  
The shorter it seems to take  
But I wanna fall in love  
But I wanna fall in love  
With you

You could call me five times a day  
You could say I'm the only one  
And I could make you breakfast  
Every day  
Every day  
Every day

If you like it  
I might drop by  
I just wanted you  
Tonight  
Wanted you tonight

Tonight
