Well if you got a problem and things are going wrong
Just wait a little while cause you know I won't be too
long
It'll be alright, everything gonna be OK
Well just hang on tight cause tomorrow will be another
day

Look deep inside and wonder when things are going
wrong
Just wait a little while cause you know I won't be too
long
It'll be alright, everything gonna be OK
Just hang on tight cause tomorrow will be another day

If you got a problem and things are going wrong
Just wait a little while cause you know I won't be too
long
It'll be alright, everything gonna be OK
Well just hang on tight cause tomorrow will be another
