Got that song by Johnny Paycheck
Playing on the radio
Been a long week, feeling wasted
Man that job of mines getting old
He said " Come on, come on
Come on, come on!"

Chorus:

We all need a little good time
We all need to break every now and then
When you're working in the soft mine
You wanna feel the sun shine on your skin
No, there ain't nothing wrong with wanting to feel
alright
We all need a little good time

Got a good friend, kinda crazy
I meet him down at the old hotel
And we laugh some, drink some cold ones
Man, we both got stories to tell
But when I mention her, how it still hurts
And say "I think I'm gonna call it a night"
I said "Come on, come on
Yeah, Come on, come on!"

Chorus:

We all need a little good time
We all need to break every now and then
When you're working in the soft mine
You wanna feel the sun shine on your skin
No, there ain't nothing wrong with wanting to feel
alright
We all need a little good time

Come on, come on
Come on, come on
Come on!

Chorus:

We all need a little good time
We all need to break every now and then

When you're working in the soft mine
You wanna feel the sun shine on your skin
No, there ain't nothing wrong with wanting to feel
alright
And there ain't nothing wrong with wanting to stay all
night
We all need a little good time

Come on, come on
Come on, come on
We all need a little...
Come on, come on
Come on, come on
