Headed south out of Thunder Bay  
Hit the interstate  
And let the hand of fate just lead him on  
She was heading north out of Baton Rouge  
Nothing left to lose  
All she knew was she had to get gone

Her engine blew in some Mississippi river town  
He was passing through when she flagged him down

Hey, you never ever know  
Where the road will lead you  
When you learn how to let go  
They found something real  
Something they could feel  
When they let love take the wheel

Later on on down the road  
When the radio  
Played a song about Winslow Arizona  
She said I'd love to stand on the corner there  
He took it as a dare  
Shifted gears and said tonight you're gonna

He talked about the future, she cried about the past  
They talked about forever and never looked back

(Chorus 2x)
