In a drawer there's a key with an old wooden box  
Sometimes Jesus and me, sit down and unlock another  
time  
When you were mine

Rose petals and a letter, a piece of baby's breath  
A single white feather you found the day we met  
You said it came from an Angel's wings.

--CHORUS--

I saved everything that ever meant anything  
Precious moments in time, I kept them all alive  
These pieces of the past take me back  
To the greatest love I ever knew  
I saved everthing but you.

In the early part of Autumn you were slippin' out of  
reach  
I was running out of options  
So I went to see the preacher and we prayed  
Lord, take her chains away.

And I never stopped believin' right up til' the end  
I know God must have his reasons,  
But nothin makes much sense without you here...  
There's only silver wings.

--CHORUS--

Cause' I saved everything, that ever meant anything  
Precious moments in time, I kept them all alive  
These pieces of the past take me back  
To the greatest love I ever knew  
I saved everything but you.

... a single white feather I found the day you left  
I knew it came from an Angel's wing
