I don't need you motherfuckers breathing down my  
neck praying  
I don't need the motherfucking bullshit you are  
preaching  
For 25 years I've seen you treat so wrongly those unlike  
you

Crucify you  
Crucify yourself  
When you try to force your Christ on me

I don't need you motherfuckers staring while saying  
I will go to hell if I don't care about your religion

Let me tell you this again hell is where I hope my soul  
ends up

When I die I'll crucify myself  
When you try to force your Christ on me

Prayers won't save you when I come for you  
God can't touch me cause I see right through you  
All the lies your cross beholds your damn words are  
getting old
