Bloody cross a morbid past  
The future looks just like the last  
Holy plague, homophobic  
Shaping youth so prejudistic  
Rules are broken and bent

One look then you hear my name  
A goatlike creation growls your way

You predict what is in store  
Unbelief a life in hell  
You play god based on the words  
>From a book embalmed in war  
History repeats itself

No crown of thorns around a head  
Could ever alternate my inner self

One look then I hear his name

Jesus Christ you died in vain  
Nothing holy in my life  
I'd rather burn and die tonight  
Cause history is ignored inside out and behind

Fuck your kind forever  
I am not your average fool  
Blinded by your holy garbage  
I see through your cross and lies  
And will outlive your religious carnage

One look but not a word  
I am not your friend  
When you die and turn to dust  
I will piss on your grave  
And laugh at your rotten face
