A complete life
without a friend
He lives his life
with only one thing
in his mind

to play guitar
in a Rock'n'Roll band
it was the only matter
it doesn't care about the rest

He doesn't know
but now he's growing
he sacrifices everything
for Rock'n'Roll

and at the last
he sells his soul
and the price was less
than a fistful of gold

He sells his soul
He sells his soul
He sells his soul
In the name of Rock'n'Roll

He sells his soul
He sells his soul
He sells his soul
In the name of Rock'n'Roll

The time goes by
but nothing changes
right now he's famous
but no one to share with

this fake happiness
traded with gold
but gold is not enough
to buy a real friend

He doesn't know

but now he's growing
he sacrifices everything
for Rock'n'Roll

and at the last
he sells his soul
and the price was less
than a fistful of gold

He sells his soul
He sells his soul
He sells his soul
In the name of Rock'n'Roll

He sells his soul
He sells his soul
He sells his soul
In the name of Rock'n'Roll

He sells his soul
He sells his soul
He sells his soul
In the name of Rock'n'Roll

He sells his soul
He sells his soul
He sells his soul
In the name of Rock'n'Roll
