Turn the lights  
Way down low  
Calm the skys  
And even though  
I am not alone  
To always wanting  
Always wanting  
You say  
Sleep tonight  
Close your eyes  
Keep it down  
And realize

I run away into the night  
You control  
Who I am  
You control it  
You control  
Where I stand  
Empty handed

A little more  
'Cause I can't take  
What you're demanding  
Push me down  
With my fears  
And leave me stranded  
Warm me up  
And take my hand  
If you couldn't stand it  
Stand it

'Cause I  
Run away into the night  
I can't control  
Who I am  
You control it  
You're too bold  
To let me stand  
And even hold it

I can be better  
and  
I can be weaker  
You'll see  
You'll see  
You'll see

And I  
Run away into the night  
I can't control  
Who I am  
You control it  
You're too bold  
To let me stand  
And even hold it  
And you control  
Who I am  
You control it  
You control  
Where I stand  
Empty handed . . .
