Do you ever feel all alone
Do you ever want to scream out loud
Do you ever want to just let go and run away from your feelings
Does no one understand you at school
Do they stab you in the back and laugh
Do you to gym and your pants are tight and run away from your feelings
Does your big brother push you down
Is your little sister not around
Or maybe you're an only child in which case go to track seven
Do you hate being an only child
Do you sit alone in your room
Do you feel like mom and dad just don't give you enough attention
Do they work at a pharmacy
Wait just bear with me
Of your dad works at a bank then you should go to disc 11
So your dad likes working with money
He doesn't car you got cut from the team
Didn't see the tears in your eyes when you broke your leg and then you couldn't play baseball
Then you couldn't play soccer
Then you broke your ankle
And how about your girlfriend is she coming apart inside
Do you just want to take her in your arms and say hey listen Katie
Say hey listen Ashley
Nicole
Jen
Lisa
Lindsey
Why can't you just trust me
When you grab her by the hand and say
Come with me and just let go and run away from your feelings
Did you grow up in the Midwest
Does your family own more than two cars
If one of those cars is a Ford Explorer then you should

go to disc 18
YOu are Jason Holcum
You live at 42 maple Hill Road
Hey that's a nice poster on your wall I didn't know you
liked that movie
Do you ever feel all alone, JASON HOLCUM
Do you ever want to scream out loud, JASON HOLCUM
Do you ever just want to let go and run away from your
feelings, JASON HOLCUM
