Cool off

Cool off, rudies

Cool off, rudies

Your time has come when you must settle down

Keep cool, rudies

Keep calm, rudies

Your time has come when you must settle down

Be still when this lion is feeding

People are squealing

Cool off with your wailing, your shooting

Keep calm, rudies

Cool off, rudies

Your time has come when you must settle down

Cool Off

Be still when this lion is feeding

People are squealing

Cool off with your wailing, your shootings

Keep calm, rudies

Cool off, rudies

Your time has come when you must settle down

Cool off, rudies

Cool off, rudies

Be still, rudies

Keep calm, rudies
