"Look Before You Leap"

Visit "[Look Before You Leap](#)" on MotoLyrics.com

Yes, darling, these words I'm putting to you
'Never you give away the old for the new
When your old love have left you and gone, my dear
You'll find out the greatest mistake in your life

So look before you leap, look before you leap
If your heart is filled and overflowing, dear
Look before you leap

Yes, darling, these words I'm putting to you

New broom sweep clean but old ones knew the corner
So when your old love have left you and gone, my dear
You'll find out the greatest mistake in your life

So look before you leap, look before you leap
If your heart is filled and overflowing, dear
Look before you leap

Look before you leap, look before you leap
If your heart is filled and overflowing, dear
Look before you leap
