I've been gone far too long  
I lost my innocence down a road I rambled on  
But then a small voice I could hear above the noise  
Changed my direction and gave me another choice  
You loved me back to life so sweet  
You brought me in from the cold

Girl, you're everything  
That feels like home to me  
A warm bed on a winter's morning  
That you never wanna leave  
You are candlelight and music  
My safest place to be  
Girl, you're everything  
That feels like home to me

---- Instrumental Interlude ----

Wasted years  
Chasing loneliness with fear  
I was king of the mountain  
In a valley of my tears  
Then you reached for my hand  
And you saved this drownin' man  
You brought me out of the darkness  
And into the promise land  
Now everywhere I look I see  
A familiar face smilin' back

Girl, you're everything  
That feels like home to me  
A warm bed on a winter's morning  
That you never wanna leave  
You are candlelight and music  
My safest place to be  
Girl, you're everything  
That feels like home to me

You are candlelight and music  
My safest place to be  
Girl, you're everything

That feels like home to me
