LIFE BEHIND BARS

DERYL DODD/BRETT BEAVERS

Iâ€™ve been here most all my life

Doinâ€™ time behind these bars

I mustâ€™ve walked a thousand miles cross this floor

But no one can ever say that I never made my mark

â€™Cause when the lights go out tonight Iâ€™ll make one more

Chorus: Iâ€™ve seen faces come and go many lost and lonely souls

And the stories I could tell you would break your heart

Lord I guess Iâ€™ve seen it all here, inside these cold dark walls

While living out my life behind bars

People come from all around and they sit down at my bar

â€™Cause li serve every kind of whiskey, wine and beer

And each night at closing time, I count the money in my jeans

And itâ€™s always just enough to keep me here

Chorus: Iâ€™ve seen faces come and go many lost and lonely souls

And the stories I could tell you would break your heart

Lord I guess Iâ€™ve seen it all here, inside these cold dark walls

While living out my life behind bars
