Sometimes I'm guilty of prejudice  
Sometimes I'm guilty of fear,  
Sometimes I be so unreasonable.  
Sometimes I just plain don't care.  
Cos I'm only human after all.  
I never made a claim to know it all.

Cos. Love don't conquer everything,  
living in a world so full of hate.  
Take a look around you'll see  
so much suffering.  
Sometimes all you need is a little faith.

Sometimes life can be beautiful.  
Sometimes it puts you through hell.  
Some days can seem like a nightmare.  
Next day your under a spell.  
Cos I'm only human after all.

I never made a claim to know it all, yeah.

Cos. Love don't conquer everything,  
living in a world so full of hate.  
Take a look around you'll see  
so much suffering.  
Sometimes all you need is a little faith.

Nobody knows how the story ends.  
Maybe I don't wanna know.  
Still trying to deal with the here and now.  
I'll sit back and see how it goes.

Cos. Love don't conquer everything,  
living in a world so full of hate.  
Take a look around you'll see  
so much suffering.  
Sometimes all you need is a little faith
