Spawn out to this place  
Just another sheep born to die  
Always stabbed from behind  
But deaths still my comrade! Alive!  
Evolution is calling! Still burning your sickening  
Minds!  
But you ran out of time worthless dwell with a fate  
Fucked and tired!  
Vermin!

Downfall! Be Thy Blade!  
Downfall! Still My Blade!

Possessed by hell itself  
Grown up within this madness  
The way of victory to choose  
Path of evo...  
... lution is calling! Still burning your sickening  
Minds!  
But you ran out of time worthless dwell with a fate  
Fucked and tired!  
Pestilence!

Downfall! Be Thy Blade

Downfall! Still My Blade

And this is the art of damnation!  
Fix this fine abomination!

Now unleashed all the fury, the glory we've once  
Possessed  
Entangle the believers within struggles of own  
Emptiness  
The thought that I guide  
The fist that they fear  
The force we belong  
Their Downfall to bring

Downfall! Be Thy Blade  
Downfall! Still My Blade

Cause!  
Evolution is calling! Still burning your sickening  
Minds!  
But you ran out of time worthless dwell with a fate  
Fucked and tired!

Downfall! Thy Blade!
