Stand up
C'mon
Right now
I wanna be your sunshine survive tonight
We really are in
Stand up
C'mon
Right Now
Let's get started
Fiesta Loca
Fiesta Loca

Hey Now
... and Passion
Let me tell what do you wanna
But now to remember, you've got me burn it up
You've got me burn it up
You give me fever
Hold on you tonight
I'll wait you higher
Only lonely now
Here we are again
It's more you go... I've got determined
Hey give me baby
Now power

Stand up
C'mon
Right now
I wanna be your sunshine survive tonight
We really are in
Stand up
C'mon
Right Now
Let's get started
Fiesta Loca
Fiesta Loca

Fiesta loca
Fiesta loca
