Raping signs of virtue  
Enslave the creatures of apathy  
Deny the souls of majority  
Beyond this point of destiny  
With poisoned tears from all thy heavens  
All tyrants to their knees  
Execute the cancer  
Penetrate the living  
Invade the dead

For every sin not sinned  
A flock to all holes  
For blessing hypocrisy  
Megatons of doom

Hellish blessings from the Tyrannizer [x2]

Doctrine exposure  
Razor sharp insanity  
The burning  
The burning never fails

For choosing the way of the waste  
Chaos will come true  
For betraying the arts of pure life

Stirred up by feeble might

A covenant with Lucifer first sees  
But a lovely tune of death to be  
Better dwell in hell's fire  
Feed the final desire

Is the whore [x2]

Embracing fine disaster  
And learn with my saints

Hellish blessings from the Tyrannizer [x2]

Doctrine exposure

Razor-sharp insanity  
The burning  
The burning never fails

[Repeat first verse]

Raping signs of virtue  
Enslave the creatures of apathy  
All tyrants to their knees  
Invade death
