All hail my sisters! Be crowned in lust and let me feel
The flame of your pure majesty!

Final instinct, so pure, no signs of guild
Feel free to please - no Fucking Time to waste
Magical passion like talking to Infinity
Internal engine straight ahead to orgasmic destiny

Blood boiling thoughts
A liquid gate eruption
Breathing on adrenaline
All flesh in astral unity
Please calm down, relax
Spread your legs await the axe
Stir up all hidden energies
Take a bath in purest ecstasy

[Refrain:]

Can't stand the order from a hellish spawn
(Gift or curse) Angelcursed (by) Angelwhore
Please set my demons free and get it done
Masterslave Devil's plaything

The smell of sex supreme
Evoke the sinner's dream
The only way to act
Come on an join this fucking pact, to your own
orgasmic
Destiny

Taste this cock divine
Eternal idol, worship fine
A stream of sacred dreams
Await my hell supreme
No need for damned virginity
Just breathe this lustful secrecy
The reign of sweetest sin
Forever it shall win

[Refrain]

Body, mind and soul can't hide this need! Forged in

Hellish fire but I will bleed!
Damned to purest instincts I'm lost! Angelwhore, sweet
Angelwhore I'm lost!
Cause...
... this is final infiltration
The womb now bare it's fine
Dick addicted queen, my princess rule the night
Testosterone explosion
All tasteful fruits are mine
You're poison brewed in hellfire
A Succubus divine
Succubus divine!

Welcome back and be sure! You will cum again and
again!

So, chosen cunts please bow to me! Endless insertion
Vehement supreme!
Hail Angelwhore Hail!
