Whoa x3

I know you love me they all do  
Hop on the list babe I might pick you  
I fell in love girl many times  
My heart first broke when I was nine  
She cheated on me it really hurt  
On the playground with some jerk  
I know what love is I've got full experience  
But deep down inside

I'm just a baby baby baby Ohhh  
A baby baby baby no don't touch me!  
Baby baby baby ohh  
Puberty suck sometimes!

I'm making money everywhere  
I've got a room full of underwear  
But I don't want you money  
And I don't want your clothes  
I want a girl who knows  
How to maintain a stable relationship  
With good communication  
Can you take care of kids?  
Cause' I've got names picked out  
And a drivers license in about (5 months)  
I know it all sounds scary  
Now baby let's get married  
I keep forgetting that I'm

I'm just a baby baby baby Ohhh  
A baby baby baby no don't touch me!  
Baby baby baby ohh  
I move away from the microphone to breathe

When I was like 12 I fell in love hard  
That's when I knew I couldn't be without girl  
Weddings in March

To talk to my moms to see if we can hang out after  
school for a few hours when your moms home from
