"Olive You"

Can't get the words out of my mouth
That little feeling everyone talks about
The things you say like, "I miss your face"
I wanna let you know, but I can't get the words to go

So olive you
And everything you do
What two words can mean
Afraid to say the other three
Olive you
The words are coming true
I don't know what to say
But olive you

Can't fight the feeling I feel inside
I try to tell you, but I always hide
The things you say like, "Want you to stay right here by
my side"
Let the words slide

Olive you
And the little things you do
What two words can mean
Afraid to say the other three
Olive you
The words are coming true
I don't know what to say
But olive you

Olive you (6x)
But olive you
Olive you (6x)
But olive you

You, you wanna tell me
But I, I, I, I don't know how to say it
I'll let it out,
What's been on my mind
Those two words mean an "I love"

I love you

And everything you do
These two words mean
What I meant to say with three
I love you
Never felt so smooth
All I can say is that I love you

I love you
I love you
Olive you (I love you)
