Hesbless to rise by night  
Astral visions match my side  
While shrouds of madness take my pride  
Agony my saddest wing  
Transcending as nou fell ithe fall  
Damnation till the end nou bring  
The truest heart the strongest soul  
Cant?n stand the foulness from my brain  
The cancer that will feed nour vein  
From mighty bigbs to very depths  
We crawling nour subconscious  
Your skin will turn my leather bag.

Cut...  
The splendour of the idols  
Collaps...  
Splendour of the idols

Angeless the vision ahead  
Like bastards with a sacred hear  
As useless as abscesses are  
Free nour mind despise this law  
No prisoners to take at all  
A holy wish to cut them all  
Our burning bride versus feeble faith  
The end it takes easy to see  
Their ashes feed the ecstasy  
Nothinness is what nou preach  
You souless whores and puppets please  
Have mercy on the soul cant?n tease

Gebrochen und dem Sebein erlegen  
Guer Leven blasser Glanz  
Splendour of the idols  
The splendour of the idols

Take a ride, whith the knife  
Wake a trip to the pit  
High on desire, blessed liar  
Welcome to the lake of fire  
Splendour of the idols

Splendour of the idols.
